CAMPBELL WILL FILED FOR PROBATE Forger Takes Liberties With

Testament of Old Salt Laker Made Public.

ESTATE IS FAIRLY DIVIDED,

PRACTICALLY ALL.

THE WILL of Allen G. Campbell, the veteran Utah mining operator and philanthropist, who died at his home in Riverside, Cal., on June 16 last at the age of 66 years, was filed with the county clerk late yesterday afternoon, and a date ten days ahead was fixed by Clerk James for hearing the petition of William B. Stanley for imitting the will to probate. The will further provides that if there are any additional issue of his and his surviving widow, such additional child or children shall equally share with the three minor children named in the distribution of the estate. In the event of the death of any one of the minor children named, the share of such deceased child shall be divided between the surviving ones.

The maker of the will places a value of \$500,000 on the property of the Brick Consolidated Gold Mining Co., owned by the estate and situated in Vanderbilt district, California. Mining property situated in Yellow Pine district, southern Nevada, he values at \$200,000. Coal and iron lands in Iron county are worth \$300,000, and mining property in Estate Secretary is put down by him at worth \$300,000, and mining property in Beaver county is put down by him at \$150,000. By the terms of the will any or all of these properties may be sold for the respective sums stated at any time before the youngest child attains the age of her majority, but after that the properties may be sold for any sum the heirs may agree upon.

Stanley, a nephew of the testator. If there be a surplus of \$100,000 realized from the sale of the mining properties above the fixed sum of \$600,000, it shall be distributed in thirds to the surviving children of Mr. Campbell's deceased sisters, Polly C. Thomas and Sally Ann Stanley, and to the children of his deceased brother, John Henry Campbell.

All the residue of the estate, it is provided in the will, shall be distributed to the surviving widow for the use of herself and to hold in trust for her children during the period of their minority, and upon the youngest reaching legal age there shall be final distribution in equal shares.

In the petition for the probate of the will it is stated that the property not already mentioned consists of a large sum of money on deposit with the bank of Wells, Fargo & Co., in this city, shares in the Utah National bank of Ogden, in the Utah Savings & Trust company, the Salt Lake board of trade, the Syndicate Investment company, owning property on West Temple street, and numerous mining interests of minor importance, but upon none of these has any definite value yet been placed.

Mr. Cannon considers the growth of the country phenomenal. The population has sprung up practically within the past three years. IN POLITICS David Keith Inherits Money From Well Known Restaurant Man

David Keith, Utah's mining magnate and multi-nillionaire, has fallen heir to a sum of money which to some men would be a sing little fortune. By the terms of the will of the late William H. Mead, which was admitted to probate a week ago at Spokane, the president of the Sliver King Mining company was bequeathed the sum of \$1,000.

It is doubtful if Mr. Keith himself is aware of the benefaction to him made by the testator, who, until his death recently, was general agent of the Chicago & Northwestern railway at Portland, Orc. The only devisee of the Mead estate named in the will as a resident of Utah is Mr. Keith, and he is now on the return journey from a trip to Europe.

However, it is known by those who have an intimate acquaintance with Mr. Keith's business affairs how he happened to become a participant in the distribution of the railroad man's estate. Last February Mr. Mead obtained from his friend, Mr. Keith, a loan of \$1,000, to become due in Keith, a loan of \$1,000, to become due in
